13 November 1978

STAT MEMORANDUM FOR:

[Redacted]  
Deputy Legislative Counsel

FROM

:

[Redacted]

STAT

SUBJECT

:

96th Congress/Other Committees - Planning  
Matrix

<u>Committee</u>	<u>Subject of Interest</u>	<u>Implication</u>
------------------	------------------------------------	--------------------

OTA	Impact of Limited Nuclear War	SALT related. DOD just started similar study. Compartmented clearances at issue since DOD study may be conducted at compartmented level and Congress will want equal treatment.
OTA	Potential for Advanced Air Transport.	Will have international aspect. May get into Caspian Sea "monster" issue.
OTA	Alternative Global Food Futures	Likely to want Agency briefing.
OTA	Technology and World Population	" "
OTA	Technology and Developing World	" "
OTA	Future of Military Equipment	Involves basic conflict with DOD....likely to want briefings on current military capabilities and future trends in types of weapons....beam weapons and lasers.
OTA	Weather and Climate Technology	May get us into the SAF weather satellites..since George Brown (D, Cal.) is pushing release of satellite data and is prime mover on weather and climate bills.

MORI/CDF

<u>Committee</u>	<u>Subject of Interest</u>	<u>Implication</u>
OTA	Deep Ocean Minerals Development	Involves Law of Sea issues.. likely to request briefing on international aspects.

NOTE: Representative Udall will take over OTA. As such, we can expect him to use that group as a committee. He will likely use them in his pursuit of [ ] and other environmental issues. STAT

Home Merchant Marine and Fisheries	200 Mile Limit Enforcement.	Likely to ask for briefing on ocean surveillance capability.
------------------------------------	-----------------------------	--

	Law of Sea Progress	Likely to ask for briefing on enforcement and monitoring capabilities.
--	---------------------	--

Senate Energy and National Resources	Law of Sea Progress	Likely to ask for briefing on enforcement and monitoring capabilities.
--------------------------------------	---------------------	--

STAT

House Science & Technology/ Senate Commerce and S & T.	Threat of terrorist attack upon Nuclear Facilities.	Likely to ask for briefing on vulnerability of <u>foreign</u> facilities.
---	---	---

Senate Gov't Affairs and House Gov't Operations
